GAINESVILLE, FLORIDA, MONDAY, AUGUST 23, 1909

ONE DOLLAR A YEAR

SUPT. W. M. HOLLOWAY WIELDS A BIG STICK

Certificates of Certain Teachers Are Revoked and Reward Offered for Evidence to Convict.

TALLAHASSEE, Aug. 21.—Hon. W. M. Holloway, State Superintendent of Public Instruction, who, in the past, has been greatly annoyed by the fraudulent practices of certain negro applicants for teachers' certificates, has issued to the county superintendents of public instruction the following circular letter in which he wields the "big stick" in true Rooseveltian fashion:

To the County Superintendents of Public Instruction:

1. On account of the fraudulent practices in connection with the uniform examinations of applicants for teachers' certificates in this State, I have this day, by virtue of the authority vested in me under the provisions of Section 374 of the General Statutes of the State of Florida, revoked the certificates of the following named teachers: Bessie Watts, Gainesville; S. K. Kelley, Lawley; W. A. Rochelle, Gainesville; J. C. Jones, Montecosta; H. C. Williams, Newberry; William Madison, LaCrosse; S. A. Tillman, St. Augustine; Anna P. McElvin, Gainesville; Lucy Murrell, Gainesville.

2. Each county superintendent of public instruction is hereby requested not to admit to any future examination in this State, as applicants for teachers' certificates, William Madison, S. A. Tillman, and Anna P. McElvin; and if by oversight any one

of these persons should be admitted to an examination, and a certificate issued to him or her, as the result of such examination, said certificate will be promptly revoked by the State Superintendent of Public Instruction.

3. Every applicant for a teacher's certificate in this State shall be required to take the examination in his or her home county, unless he or she at the time of examination shall present to the examiner a written permit from the State Superintendent of Public Instruction entitling him or her to take examination elsewhere.

4. A reward of \$100 is hereby offered and will be paid to any person who shall produce sufficient evidence in any court of competent jurisdiction in this State to convict anyone of illegally securing or attempting to secure the questions to be used in any examination of applicants for teachers' certificates.

5. Each county board of public instruction is hereby requested to offer a reward of \$50 for the same purpose.

6. Before the negro youth of this State shall be permitted to be instructed by a class of thieves and scoundrels the State Superintendent of Public Instruction will revoke the certificate of every teacher and close the doors of every negro school house in Florida. Yours very truly,

(Signed) W. M. HOLLOWAY,
State Supt. Public Instruction.

WALDO NOTES.

WALDO, Aug. 21.—In the absence of the pastor, Rev. T. L. Z. Barr of the Methodist church was called by telephone from Melrose and officiated at the funeral of Mrs. Will Birt at the Baptist church and at the cemetery. Mr. Birt has the sympathy of a large circle of friends.

The Waldo House is closed for a few days pending the making of some repairs and a change in management.

John P. Ambrose returned from his outing North and is improved by his trip, having returned to his position as drug clerk in Gainesville.

Mrs. E. W. Millican is in Hendersonville, N. C., enjoying its advantages as a resort.

The manager of the Waldo baseball team, Nathan P. Cauthen, has a challenge in The Times-Union to any other amateur team in the State to meet it on the diamond.

Pears and grapes, field peas and sweet potatoes are in season—there always have some sort of fruits and vegetables in season.

Attention is being given to cleaning out the lots in the cemetery by those whose relatives and friends are buried there. Some non-residents should have their lots cleaned which show sad neglect.

The extraordinary heat has been greatly felt here, but no prostrations ever occur.

Mrs. Horace Ross, after three months' illness, has gone to Jacksonville to recuperate at the home of her mother, Mrs. Davis. Her sister, who attended her in her illness, accompanied her.

Our merchants observe the half-holiday on every Thursday by closing and giving their force a rest.

The whistle of Millican's sawmill is becoming a familiar sound.

Is it possible that a contest with apparent fairness in its terms should have injected into it the tricks of the politician? Some of those who worked in good faith don't care to enter another.

Dr. J. M. Boring returned from an outing ill and has been quite sick, but is improving.

Mrs. L. Seigler has returned from New York and is opening her stock purchased there, which was sent on ahead. Miss Ruby Sparkman returned with her. They express themselves as delighted with the metropolis.

An application for the appointment as postmaster of Mrs. Amy Atwater was readily filled with signatures and returned to Washington. There is no other applicant.

A Miss Lee and her brother-in-law, Mr. Tyson, came into town over the S. A. L. railroad. They are both invalids and in very destitute circumstances. They lived near Orange Heights some time ago.

HEAVY LOSS FROM HEAT.

PENSACOLA, Fla., Aug. 20.—Ten thousand dollars will not cover the loss to wholesale merchants during yesterday and Wednesday on account of the death of fine horses and mules which dropped while in harness, due to the intense heat. Fully thirty head have been lost in this manner while others are in bad condition.

A. M. Smith, a carpenter, was prostrated yesterday morning and is in a serious condition.

A severe electrical and windstorm passed over this city yesterday afternoon, the wind attaining a velocity of sixty-two miles an hour and causing vessels in the harbor to drag their anchors, while lightning struck the city power house and caused an interruption in traffic of two hours. The Osceola clubhouse was struck and badly damaged, while several other buildings suffered slight damage.

Card of Thanks.

Editor Sun: I desire to thank my numerous supporters in the recent contest and assure them that I will ever remember them kindly for their interest in my behalf.

FLYING MACHINE FLEW OUT OF SIGHT OF CROWD

Expert Management of Machines Applauded by mense Crowds Assembled to See Practice.

RHEIMS, Aug. 21.—Aeroplanes—flying in straight lines, making wide turns or wheeling abruptly, traveling slow and fast and low and high was the striking spectacle offered 15,000 persons on the field of Betheny yesterday.

Two slight accidents occurred. M. Hummel, driving an Antionette machine, came to the ground sideways and broke one of the runners of his aeroplane and M. Goffroy, in an Esnault-Pelterie monoplane had accomplished a flight of kilometre when the machine struck a hedge, demolishing its propeller.

This was the second last practice day before the commencement of the prize flights of aviation week.

Glenn H. Curtiss, the only American who is to compete in the races, was given an ovation after a successful practice flight of seven minutes.

Hubert Latham also was applauded for a spectacular flight of ten minutes, and the crowd broke into cheering as M. Bleriot, driving a small forty-horse power monoplane, made a series of masterful maneuvers.

M. Sommer, who recently, though unofficially, beat Wilbur Wright's record for duration of flight, speeded across the plateau during the afternoon and was lost to sight in the haze. It was thought he had descended but suddenly he reappeared. When he landed he announced that he had made a voyage to the village of Vinny and return.

During the evening there was some wind but Count De Lambert and M. Lefebvre, both piloting Wright biplanes, braved the breeze and simultaneously made evolutions which demonstrated the ease and facility with which machines of the Wright model may be sailed.

Lefebvre was particularly skilful in

handling his craft. Once he wheeling abruptly over the heads of the tators, causing several wos scream with fright.

George B. Cockburn, the Br and Henry Farman and M. Po all brought out their machines the afternoon but made no containing themselves with practice starts.

Fat Man Wants to Fly.

The aviators were chuckling night over an offer received by Post, secretary of the Aero C America, from a Frenchman who 250 poundss who says he will \$100 to each and every aero who will take him with them in flights.

Numbers of Americans are ing for the race.

There was a great outburst thudism when Bleriot and So crossing each other's course air, each politely dipped his m in salute.

There is now about twenty machines on the grounds, but of them are ready for flight.

Mr. Curtiss was not greatly prised when informed that the Y brothers had brought suit against Aeronautic Society of New Yo legating that the Curtiss mach fringes certain of their patent said he had known for some tim something of this nature was c plated, but he failed to see h would result in anything but of litigation.

Glenn H. Curtiss, the American in the air at the same time as B and Sommer, the two French pions. As the three aeroplanes back and forth over the plains at ing heights and maneuvered a will of their pilots, an enthus French spectator cried out:

"These three men are the win

Two Men Arrested for Murder of Georgia Lady

BROXTON, Ga., Aug. 20.—News has just reached here of the murder of Miss Mattie Graham, which occurred some time during Wednesday night near her home two miles north of Hokesboro in Coffee county. The woman was dragged to a branch half a mile from her house, where evidence of a desperate struggle ensued. The body was beaten and the skull crushed.

The object of the murder was evidently robbery, as she was a rich woman. An autopsy, however, may reveal evidence of a more serious crime. She was prominent and highly connected.

Miss Graham was one of the two maiden sisters who occupied their home alone. The other sister was

away from home at the time of the murder and there is no clue to the perpetrators of the deed.

Sheriff Dave Rickertson was at once notified and in company with the coroner went to the scene of the crime.

TWO WHITE MEN ARRESTED.

DOUGLASS, Ga., Aug. 20.—Sheriff Rickertson late yesterday arrested William McLeod, a youth who is employed on the Graham farm, and under a strict examination he confessed to knowing where the body had been hidden, although he denied having murdered the woman. He was placed in Douglass jail. A. B. Carter, another white tenant, was also arrested.

Offerings of Sea Islands Small in Savannah Market

SAVANNAH, Ga., Aug. 21.—The Sea Island cotton market has been dull, but steady, with some demand for all grades during the past week. High grades were most wanted, and more business could have been done in those had the cotton been available, but offerings were very small.

Crop accounts are less favorable, reports of deterioration being more general. This has been expected for some time, owing to excess of rains; hot suns after the rains have caused considerable shedding. These reports come from both Georgia and Florida.

Florida. The excellent prospects of a few weeks back have been modified, and the present outlook is for only a normal yield.

Sales for the week, 365 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

Breach of Contract Causes Divorce After Three Days

ATLANTA, Ga., Aug. 21.—Mrs. S. A. Wilson, who was married to John Wilson on July 9, 1909, and who states she lived with him until July 12, 1909, has filed suit against her husband for \$6,000, which she alleges is the value of the dower and child's share in his estate he promised her, before they were married, he would give her if she married him.

The suit was filed by Attorneys F. M. Hughes and E. P. Upshaw. Mrs. Morris, in her petition, states that she was a widow before she married John Wilson, and was making her living as a seamstress.

She states that she had known her husband five months before they were married, and that he courted her during that time. She declares he was 75 years old, and she 46, and that he had said he was alone, lonely and disconsolate, and wanted her to marry him; that on account of the difference in their ages he was willing to give her an added inducement. She says that at first he offered her his home, in which he was living, and

four acres of land, which she refused. On July 1, she alleges he increased the offer by six acres, making it house and ten acres, and that she accepted, when he said he would do and give her a child's part in estate.

She alleges they were married July 9, and lived together as husband and wife; that on Sunday, three days they were to go to Atlanta and have the legal papers transcribing the property and giving her child's part in the remainder of estate made out, her husband, however, he was not going to Atlanta Monday, nor make out the deed, if she was not satisfied she could

She alleges the house and lot worth \$3,000, and the child's part similar sum.

The court was asked to enjoin John Wilson from disposing of the property or otherwise altering his estate. It was granted in an order signed Judge L. S. Roan, and Saturday September 6, was set down for a hearing why the injunction should not be made permanent.

Six Counties Still Wet.

WINNERS DECLARED FOR THE CONTEST

COUNT OF COMMITTEE SUSTAINED BY THE ADVERTISERS.

W. L. Denham, as Manager, Delivered the Prizes to the Successful Ones Thursday.

From Friday's Daily Sun.

The prizes in the Co-Operative Contest, which was promoted by W. L. Denham, were Thursday awarded to the successful candidates as per the vote which was announced in Thursday's Sun.

Following the protests which were filed in the cases of Miss Beal vs. Miss Goode on the Crawford & Davis vote, and Miss Jolly vs. Miss English on the Eddins Manufacturing Company's vote, an effort was made by the manager to secure a meeting of all interested, but as a number stated they could not be present, at the suggestion of a number of them it was decided to get up a petition declaring the result as announced, which was signed as follows:

"We, the undersigned conductors and advertisers of the Co-Operative Contest, agree to accept the canvass of the committee and declare the winners as announced—Standard Fertilizer Co., Saunders & Earle, L. C. Smith, Brown House, Crawford & Davis, W. M. Johnson, Gainesville Hardware Company, Gainesville Furniture Company, P. Y. Smith, Eddins Manufacturing Co., Mrs. F. T. McCormick, N. Francisco, City Bakery.

Acting under the above the manager desires to state that he awarded the prizes which were contested and which had been settled, as he understood it.

The following cards from Mr. Eddins and Mr. Davis give their explanations of the votes objected to:

From Crawford & Davis.

Editor Sun: In justice to ourselves, I will state that the vote issued by Crawford & Davis, and which was in question in the contest, was for a future contract we secured and are now delivering, and we have received the equivalent to the money for the entire order. If necessary we can account for each and every vote issued by us. CRAWFORD & DAVIS.

By G. H. D.

August 19, 1909.

From Eddins Company.

Editor Sun: In reference to the Eddins vote which was contested, we desire to state that Mr. English had all of his votes remain here until the last day of the contest. Besides, he secured a large vote from us in the last week by purchasing three bills of lumber, all for houses complete, and this necessarily gave him a large vote. We stand ready to make any explanation necessary and can give evidence of all votes issued by us. EDDINS MFG. CO.

August 19, 1909. By W. R. E.

Baby Morphine Fiends

Are made by all soothing syrups and baby medicines that contain opium and narcotics. McGee's Baby Elixir contains no injurious or narcotic drugs of any kind. A sure and safe cure for disordered stomachs, bowels and fretfulness—splendid for teething infants. Sold by W. M. Johnson.

The commissioners of Duval county have decided to pave two more miles of road, one mile on the South Jacksonville-Pablo road and one mile on the Kings road, using No. 2 vitrified brick.—St. Augustine Record.

In buying a cough medicine, don't be afraid to get Chamberlain's Cough remedy. There is no danger from it, and relief is sure to follow. Especially recommended for coughs, colds and whooping cough. Sold by all druggists.

TILGHMAN'S CONDITION POWDER

PRICE 25 CENTS A PACKAGE

FOR SALE BY ALL RETAIL DRUGGISTS MANUFACTURED BY ACKERMAN & STEWART, PALATKA, FLA.

NATURE TELLS YOU

As Many a Gainesville Reader Knows Two Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Irregular or too frequent action. Any urinary trouble tells of kidney ill.

Doan's Kidney Pills cure all kidney ill.

People in this vicinity testify to this.

Jos. Eckert, Thompson street, Starke, Fla., says: "I am very glad to recommend Doan's Kidney Pills as they proved of great benefit to me. The passages of the kidney secretions were irregular and when the secretions were allowed to stand they deposited a sediment. My back ached intensely and was very lame and sore, making it hard for me to stoop or lift. I could not rest well and mornings upon arising I was tired and worn out. I at length heard of Doan's Kidney Pills and deciding to give them a trial, I procured a box. This remedy effected a complete cure. The backaches and the lameness disappeared and my kidneys became normal."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

LOTTIEVILLE NEWS.

Honor Roll of Public School—Personal Notes of Interest.

LOTTIEVILLE, Fla., August 19.—Since the last honor roll was published the enrollment of our school has reached ninety-four. There are several out, however, on account of sore eyes and whooping cough. Then others are having to be absent in order to save the cotton which is opening rapidly. The following is the second honor roll, and the pupils named have certainly worked hard to be so enlisted: Annis Colson, Lora Roberts, Cartha Matthews, Marion Lloyd, Lizzie Curry, Lula Matthews, Bessie Roberts, Mellie Peterson, Lora Matthews, Mamie Matthews, Lottie Mikell, Cleo Mikell, Alma Everett, Onnie Osteen, Ellie Caraway, Alma Matthews, Aaron Polk, Singleton Barker, Desha Sanders, Festus Roberts, Osburn Hudson. Primary department—Alice and Olive Clark, Mertie Ward, Oceola Clark, Edith Well, Effie Curry, Ione Lindsey, Morris Yates and Ventris Love.

Mrs. S. D. Mikell returned home Wednesday after a pleasant visit to her daughter, Mrs. G. W. Miller of Gainesville.

Dr. W. Hartridge Lee of Melrose spent a few days here last week as guest of Festus Roberts. He returned to Lake Butler Friday, where he is located as dentist.

A protracted meeting is being conducted at the Baptist church here by Rev. Ward and Rev. Griffin is assisting him. Much interest is being manifested, three being baptized Monday.

There is to be a basket picnic at Fannin Springs, on the Suwannee, Saturday, August 21st. All are invited to attend.

What Is Best for Indigestion?

Mr. A. Robinson of Drumquin, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used." If troubled with indigestion of constipation give them a trial. They are certain to prove beneficial. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at all drug stores.

Fell From Building.

From Friday's Daily Sun:

The little boy named Blake fell from the second story of the Government building Thursday and badly injured himself. He is engaged as water boy and has held the position since the work began. The family are only recent arrivals to the city and are located in one of the Cannon cottages close to the building.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you. J. W. McCollum & Co.

WAS BADLY INJURED BY KICKING HORSE

YOUNG LADY KNOCKED DOWN BY THE WILD ANIMAL.

Had Visited the Stable for Purpose of Feeding Animal When She Was Kicked.

From Friday's Daily Sun:

Miss Maude Jeffcoat, a young lady who is residing with her parents about five miles west of Gainesville, was seriously injured on Wednesday evening when she was kicked in the face by a young horse which she was attempting to feed.

She had visited the stable for the purpose of putting in the regular feed, and when she stooped to pick up a small stick to make him stand to one side of the stall, he kicked her on the head, inflicting a very painful and serious wound.

The young lady was picked up by other members of the family who heard her screams, and taken to the house, when Dr. J. H. Hodges was called and dressed the wound, pronouncing it a painful one.

The horse was a young colt and had been practically raised by the family and never known to be unruly, in fact he was considered safe and gentle in every way. At last accounts the young lady was resting well and hopes for her early recovery were entertained. The doctor is of the opinion that no bones were fractured.

PARTY AT ROCHELLE.

ROCHELLE, Aug. 19.—On Aug. 19, at the home of her parents, Mr. and Mrs. J. N. Shealey, Della Mae entertained very charmingly a few of her friends in honor of her twelfth birthday. Assisting the lovely little hostess in entertaining was her mother and charming cousin, Miss Lois Bray of Ocala, and it is needless to say that they all proved themselves excellent entertainers. During the entire evening various games were played. Lemonade was served by Miss Lois Bray which was immensely enjoyed owing to the evening being very warm. Those who were so fortunate as to be present were Misses Lois Bray of Ocala, Nannie and Irene Jones, Velma Jennings, Messrs. J. S. Roberts, Bobbie Guthrie, Lee Thomas, Lonnie and Carl Perry, Horace and Wallace Zetrouer.

At 10:30 ice cream and cake were served, after which all presented the little hostess with several very handsome presents. Assuring her they had enjoyed the evening to the fullest extent and wishing her many returns of the evening, all bade her good night. A GUEST.

Granulated Sore Eyes Cured.

"For twenty years I suffered from a bad case of granulated sore eyes," says Martin Boyd of Henrietta, Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." This salve is for sale by all druggists.

Florida Fruit and Produce News.

To the successful operation of the Florida Citrus Exchange, which is being rapidly organized all over the orange-growing sections of the State, nothing is of greater importance than that the members of the various sub-exchanges and associations should be kept in close touch with each headquarters, and thoroughly informed on every subject of interest to the organization. In no better way can this be done than by subscribing for the official organ of the Exchange, "The Florida Fruit and Produce News." In point of fact it is the duty of every member of the Exchange, to himself as well as to the organization, to support its official organ which as its mouthpiece is part and parcel of the exchange itself. We don't think the matter needs further argument.

Subscriptions for The News will be received at the office of The C. I. and at the abstract office of Mr. B. F. Holland and promptly forwarded. The price is one dollar per year.—Bartow Courier-Informant.

For indigestion and all stomach trouble take Foley's Orino Laxative, as it stimulates the stomach and liver and regulates the bowels and will positively cure habitual constipation. J. W. McCollum & Co.

THE OAK HALLS LOSE IN VERY PRETTY GAME

SCORE WAS THREE TO TWO AT
END OF NINTH INNING.

Barnett of Orlando Knocks Ball Over
Fence for Home Run for First
Time This Season.

Orlando 3, Gainesville 2.
The above is the way it was handed
to the Oak Halls at the ball park on
Thursday afternoon, when the largest
crowd for some time past went out
for the purpose of witnessing the con-
test.

The Orlando players arrived early
in the morning, which gave them
plenty of time for rest, and the game
put up by them was one of the best
that has been seen on the Gainesville
diamond for some time. There is no
doubt about the fact that this "lay
out" of ball players is the best that
has visited us this season, but the
great and much-talked-of Smith was
found for seven hits, while a number
of the Oak Halls not only passed the
second sack, but some of them went
to third, and two came home, break-
ing his magnificent record to "smither-
eens," so far as Manager Davis'
"kids" are concerned.

Of course "Pop" is not styled with
such high salaried players, but the
manner in which he pitched yesterday
was all that could be desired by the
most ardent fans, and many were the
times that he was compelled to pull
himself out of "holes" for which he
was in no wise to blame. Some espe-
cially beautiful work was done by
him in the fifth.

Hendricks made a drive over the
fence, but it was just a little over
the line, and was called a foul, while
the drive of Barnett for the visitors
went clean and gave the visitors the
two runs made in the eighth. Graham
made a nice safe one just when it
was needed, scoring two men and
again smashing Orlando's record for
"shut outs."

The visitors are "there with the
goods" when it comes to playing ball,
however. They come nearer match-
ing up with the home team than any-
thing they have gone after this season,
and the remaining two games will be
of the greatest interest, with the Oak
Halls taking one, if not both.

Go out today, and take your friends,
for very few of that faithful lot of
"rooters" were present at the park
yesterday, and the few that were
there did not make themselves known
to any extent.

Ocala sent a large delegation up to
witness the game, and more will very
likely come up today. Besides Archer,
Micanopy and other small towns near-
by are doing better than Gainesville
when it comes to being loyal after
the "hard luck" that has hung to the
Oak Halls so long.

Following is the box score and sum-
mary:

DEATH OF MRS. MAY.

Died from Tuberculosis After Painful
Illness.

Mrs. J. W. May, wife of Hon. J. W.
May, member of the Board of County
Commissioners and one of the most
prominent citizens of the Wacahoota
section of the county, died at her
home at Wacahoota Wednesday after-
noon and painful suffering from tuber-
culosis.

Mrs. May was a noble Christian wo-
man and had been active in her work
up to the time the dreaded disease
took such a firm hold upon her. By
her genial and pleasant disposition she
made many warm friends, all of whom
extend to the husband and children
their sympathy in this sad hour of
bereavement.

The funeral ceremonies were held
at Wacahoota Thursday afternoon. A
large number of friends from Gaines-
ville went over to be present, and
citizens from miles around were there
to pay their tribute to their departed
friend.

Ella Blackwell of this city were quiet-
ly married at the home of the latter
at 9 o'clock Tuesday evening. Rev.
George F. Scott, pastor of the Metho-
dist church, officiating. Col. Stripling
is well-known throughout the State
as a lawyer of great ability. Mrs.
Blackwell has resided in Jasper for
several years. She has always been
closely identified with every move-
ment that pertained to the town so-
cially and religiously. She possesses
all the gifts that pertain to ideal wo-
manhood and has a large circle of
friends that regret to see her leave the
city. The bridal party left on the
southbound train at 9:30, sailing on
the Clyde liner for New York. In
a few weeks they will return to Jack-
sonville, where they will reside.

Active at 87.

This would be unusual news if men
and women would keep themselves
free from rheumatism and all aches
and pains as well as keeping their
muscles and joints limber with Bal-
lard's Snow Liniment. Sold by W. M.
Johnson.

Taxable values for the State of
Texas are \$2,298,986,541, an increase
of nearly \$125,000,000 over 1908. Here
is a striking commentary on what rail-
way development means, and it should
be borne in mind that Texas has done
little more than make a good start.

If your liver is sluggish and out of
tone, and you feel dull, bilious, consti-
pated, take a dose of Chamberlain's
Stomach and Liver Tablets tonight be-
fore retiring and you will feel all

ORLANDO TAKES THE SECOND GAME EASY

LOOSE FIELDING BEHIND SPOTTS-
WOOD LOST THE GAME.

Graham and Hendricks Show Up
Well in Friday's Game Between
'Skeeters and Oak Halls.

From Saturday's Daily Sun:

Orlando 5, Gainesville 2.
That we are outclassed by the fast
set from South Florida there is little
doubt, and even the players must
think so, for the past two games have
not had the ginger and snap about
them that is characteristic of the
Oak Halls.

The Oak Halls went up in the air
in the first half of the fourth inning
and tried to throw the ball away, as
if they were playing "ball over," in-
stead of baseball, and it is just such
work as this that has caused them
to lose so many of the games the
present season.

When they have anything to play,
they are either scared to death or
go all to pieces, and if some slow team
comes along they can get out and
handle the ball as well as most any
team, but with fast company they
are not in it, and the faithful fans
have found this out.

Spottswood pitched a beautiful
game yesterday. Sandy Graham
played beautiful ball, taking every
chance that was given him, while he
also did some excellent stick work,
and Hendricks made the only two
runs that were credited to the Oak
Halls.

Another game will be played this
afternoon, which will be called at
3:30, when they will meet Orlando
for the last of the series, and it is
hoped that they will at least do as
well as Ocala and "cop" out this one.

Double play—Hawes to Pounds, C.,
to Geiss.
Stolen bases—Limerick, 1; Hen-
dricks, 3.
Passed ball—Myers 2.
Umpire—Lee Graham.

Dysentery is a dangerous disease
but can be cured. Chamberlain's
Colic, Cholera and Diarrhoea Remedy
has been successfully used in nine
epidemics of dysentery. It has never
been known to fail. It is equally val-
uable for children and adults, and
when reduced with water and sweet-
ened, it is pleasant to take. Sold
by all druggists.

Venezuela is losing its atmosphere
of romance. Disregarding golden op-
portunities for war scares, revolutions,
and customs seizures, it has offered
to settle a claim by a cash payment.

When the digestion is all right, the
action of the bowels regular, there is
a natural craving and relish for food.
When this is lacking you may know
that you need a dose of Chamber-
lain's Stomach and Liver Tablets.
They strengthen the digestive organs.

If Nero fiddled while Rome burned, doesn't Taft golf while America sizzles? You can't beat him.

Nobody could blame either Mr. or Mrs. Harry Thaw if in the future they do not speak when they meet.

Experts continue to experiment for the production of seedless fruits, when what is needed is a guaranteed painless variety.

Telegraph companies will increase rates on messages containing words not in the dictionary. Another blow at "My Policies."

Mark Twain has been compelled to reduce his daily smoke from 40 to 4. Now, there's a reduction that reduces the consumer.

Comptroller Murray's efforts to hold bank directors to a full responsibility deserves the thanks of every bank depositor and stock owner.

Gen. William Miller of Washington county is dead. He was one of the best fighters the Southern cause had during the war and was widely known.

Women's suffrage on the American plan, with marble palaces and governors and millionaires as accessories, is so different from the English idea—with policemen and jails as the outcome.

With no startling announcements Thomas A. Edison has emerged from his workshop with a new invention to crush boulders. Would that the world had more men who did things without publishing a prospectus first.

The Lake City Index says J. C. Luning and E. Z. Jones would make good Railroad Commissioners. We cannot speak for Mr. Jones, not knowing him, but Mr. Luning would be a good man for the office without a doubt. Let him have the place of Mr. Burr, and give Newton Blitch another term.

The watermelon season in Taylor county is nearly over. The Perry Herald held a contest, a year's subscription being offered to the one bringing in the largest melon. This was won by Hon. R. L. Stripling, his melon weighing 56½ pounds. Others weighing from 53½ down to 37 pounds were very fine.

The British House of Commons has unanimously passed to second reading the South African constitution bill granting constitutions to the South African colonies. Ex-Premier Balfour denies the report that the blacks will be given equal rights with the white races, saying that such equality is impossible without threatening the whole fabric of our civilization.

As a number of people from various sections of the State have recently inquired of the editor of The Sun as to Congressman Frank Clark's health, we take great pleasure in informing them that Mr. Clark appears to be (and says he is) in the very best condition physically. He has already opened his campaign for renomination and is "taking in" the people in the country districts, who he cordially received by the people.

THE STATE CONVENTION.

(From The Orlando Reporter Staff.)
Florida Democrats are coming in to their senses. The reaction from the primary puts and stops seems to be at hand. The convention idea without the primary was a mistake and because it was the Democrats of the State went to the other extreme and voted out the convention also.

Thus in the late national campaign, Florida was unique among the States in not having anything authoritative or definite as an organization.

It has been discovered that the primary under certain wise limitations is a good thing, but that it is not sufficient in itself.

We are heartily in accord with the following able editorial from The Tampa Tribune on this important question:

"The sentiment in favor of a State Democratic convention increases beautifully. The weekly press has taken up the subject with a vim and determination and such pressures of public opinion will, in due course of time, be brought to bear that a convention will be called and the party restored, in this State, to its proper position of organization and definiteness of policy and principle."

"The Lake City Index expresses the firm belief that a convention of Democrats will be called next year. Editor Underwood calls attention to the fact that convention will have but little effect on the primary system—it simply tells us where we are at and prevents scrapping in the family."

"Under present conditions there is practically speaking, no Democratic party in the State of Florida. In effect there is no organization to speak of and little interest in party affairs; and, in primary years, the party becomes a veritable free-for-all in which every member has a knife or a brick handy for some other member, and in which the only platform and policy in evidence is how to get more votes than the other fellow and how to 'land the swag' before the other fellow gets to it."

"What is a Democrat? is, in Florida, a question without an answer. The so-called Democracy of this State has neither a leader nor a principle. Every four years it succeeds in manifesting some sort of cohesive strength in climbing on a platform adopted at a national convention in which Florida has little voice and in supporting a nominee in whom Florida has little real interest. Within the borders of the commonwealth, however, there is only rivalry, factionalism, throat-cutting partisanship, the scramble for place and pelf. When the Legislature, elected at Democratic primaries and supposed to be actuated by Democratic principles, meets in biennial session, not one member knows just what the Democracy of Florida stands for in matters of State policy, because there has been no means of expressing such policy. The Democracy of Florida simply goes to the polls and decides whether Bill Jones or Jim Smith shall be clerk of the court or sheriff or member of the Legislature, deals out the spoils, as it were, puts some fellows in office and puts other fellows out of office, makes its marks on ballots a yard long—and there's an end to it."

"If Florida is to remain a Democratic party, in the correct sense of the word, it must get its leading Democrats together in convention and take stock. It must map out a line of campaign and enunciate a declaration of principles—and it must have a bit of house-cleaning, too, because it is among the acknowledged facts of Florida politics that not a few of the near-statesmen who are holding office under Democratic primaries in the Legislature and executive branches of our government are no more entitled to rank as Democrats than is 'Nelse' Aldrich or Sereno Payne or Tom Watson."

"Let us keep up this fight, brethren of the press, and bring about this gathering of the faithful and the wise sometime next year. We have been drifting hopelessly among the rocks of dissension and factionalism long enough, and the frail bark is about to pound itself to pieces. A State convention would be a life-saving station."

THE CO-OPERATIVE CONTEST.

The Sun regrets that any dissatisfaction should have arose over the Co-Operative Contest recently closed in this city which was advertised through this paper; and in this connection we wish it distinctly understood that The Sun had no more to

do with the contest than any other business house that participated therein, our contract with the promoter of the contest, W. L. Denham, being simply to do the advertising, in consideration for which we were permitted to give votes for subscriptions, job work and advertising, as well as being paid a certain amount in cash. The Sun had no more to say about the giving of votes by other firms than they had to say about what we did in this line, and we are not responsible for the action of any one in this particular except for the votes issued by this office.

We were perfectly willing to meet with the other conductors of the contest and hear and determine the complaint filed with Mr. Denham by the two contestants in the Gainesville and Eastern districts, but a majority of the conductors of the contest declined to take up the matter and Mr. Denham ordered the piano and diamond ring delivered to the successful candidates as shown by the count.

THE SUN'S CORN CONTEST.

With a view to showing what is done in Alachua county in the way of producing corn, The Sun offers the following cash prizes for the best corn brought into the office before October 15th, 1909:

Best stalk of corn, showing two or more well-developed ears... \$3.00
Second best stalk of corn..... 1.50
Best ear of corn 2.00
Second best ear of corn..... 1.00

The corn entered must be grown in Alachua county; must be delivered at The Sun office, all charges paid, before October 15th, and be accompanied by the grower's name, address, number of acres grown, average yield per acre, variety, and a short description of the method of cultivation.

The exhibits will be placed in some public place and left on exhibit for a few days at the close of the contest.

The awards will be made by competent farmers, who have not entered any corn in the contest.

The object in offering these prizes is to stimulate our farmers to better things in the way of crops for home use and to ship.

Hon. Fabian Law of Green Cove Springs died very suddenly at Jacksonville last Wednesday of apoplexy. Col. Law was formerly a member of the State Senate from the district comprising Baker and Clay counties and was mayor of Green Cove Springs at the time of his death. The Times Union of Thursday gives the following account of his death: "Col. Law was passing down Bay street in the heat of the afternoon and as he felt faint went into the store at 822 to rest and cool off, sitting down and apparently going to sleep, his head falling forward as though resting quietly. No one in the store at the time suspected that he was dead, as there had been nothing peculiar about his appearance, and not until a man tried to awaken the supposed sleeper was it found out that he was dead. There was not a tremor of the body when he was stricken and in no way was it noticeable that life was passing away. As soon as the people in the store saw that Mr. Law was unconscious they summoned assistance, but it was too late for any human aid."

FLORIDA NEWS IN BRIEF

A meeting of Joseph E. Finegan Camp, Confederate Veterans, was held in this city Wednesday and the date for holding the State Reunion was fixed for October 29th and 31st.—Live Oak Democrat.

Henry M. Flagler expects to ride into Key West on January 2d, his 50th birthday, on the first passenger train over the Key West extension of the Florida East Coast railway. President Taft will probably be his guest on this occasion.—Jacksonville Metropolis.

Walter H. Geiger, sentenced to five years' imprisonment from Tampa for obtaining money fraudulently, has made his escape. He is the party arrested in Canada some six months ago and brought back to Tampa by Deputy Sheriff L. G. Lester under extradition papers between United States and Canada.—Sanford Herald.

Mrs. E. J. Abrams of Columbia, S. C., was overcome by the excessive heat in Jacksonville last Thursday. She was carried into Furchgott's store and had to remain there several hours before she was removed to her son's home in Riverside. This is the

WOMAN WAS ARRESTED BY SHERIFF RAMSEY

BROUGHT HERE SATURDAY AND PLACED IN COUNTY JAIL.

No Action Taken About Warrant, as Case is Held Under Advisement by County Judge Mason.

From Sunday's Daily Sun:
Sheriff Ramsey returned Saturday from Wilcox with Miss Emma Burnett in charge, she having been the guilty party who placed her four-weeks-old girl baby in an old bacon box at Lottville, the child afterwards being discovered by O. G. Barker, a merchant of that place.

It is stated that she at first denied all knowledge of the child, and only weakened when the sheriff arrived and questioned her concerning the matter, when she stated that it was her intention to return for the little one, but she was unable to carry both her children and walk the distance.

Sheriff Ramsey stated that she was busily engaged in preparing breakfast at the home where he found her when he arrived and stated his mission, and she readily consented to accompany him. At Lottville the child was returned to her and she now has both of them with her at the county jail, where she is confined while Judge Mason has the case under advisement.

Some of the citizens are inclined to think that the woman left the child in the hopes that it would find a better home than she could provide for it, and also to cover up her disgrace, while others are much wrought up about the case and believe that punishment is due her for the act.

The woman is only about 29 years old and has two children, both of them being badly in need of clothing, and Sheriff Ramsey states that if any of the charitably inclined people of the city desire to donate any clothes they will be thankfully received and he will deliver them to the mother at the jail.

While her home is at Wilcox, she has been living in Tampa for the past seven months, and it was stated that she was sent to her home by the charitably inclined of that city.

first case of prostration from heat that Jacksonville has had in several years.

The champion ice cream eaters of this section met last night at Warrington in Amos Musel, an artilleryman, and Frank Kocela, of the band, both stationed at Fort Barrancas. The event was an ice cream eating contest given at Warrington, the loser to pay for all the cream eaten. There was a big supply on hand when the two settled down to eating, and dish after

WHITE WOMAN DE-SERTS INFANT CHILD

PLACES SAME IN AN OLD HOUSE AT LOTTIEVILLE.

Child Rescued and Being Cared for by O. G. Barker of the Above Place.

From Saturday's Daily Sun.

A strange white woman who was supposed to be from Tampa, with two young children, was among the passengers on Conductor Ray's train to Wilcox station on Thursday night, and when the train arrived at Lottieville station she slipped off and placed one of the children, the infant, in an old vacant house.

The woman again boarded the train and got off at Wilcox, and nothing further was thought of the occurrence until Friday morning when the train reached Lottieville and Mr. Barker began to inquire of Conductor Ray about the child and told how he had found it, when it instantly came to his mind about the woman leaving the train and boarding it again without the baby.

He described the woman as being young and fairly good looking, and as she seemed in a good mood he never once suspected that she had

done such an act as to desert the infant.

Mr. Barker, who is a merchant at the place, was attracted by the cries of the child and at once investigated, when he found the infant hidden in a box in an old shed near his store about 11 o'clock p. m.

He stated to the reporter over the long distance phone that he knew the woman, who was from Tampa, but would give nothing further in reference to the matter until the woman was placed under arrest, which would be done some time during the day, as he had located her and a deputy would be sent for her.

The infant is a little girl and appears to be about five weeks old, so he stated.

Miss Jolly Expresses Gratitude.

To My Friends in the Piano Contest: I take this method of expressing to you my deep appreciations and gratitude for the interest you have manifested in my behalf in the piano contest which has just closed, and I only regret the circumstances which preclude you from sharing in the pleasure which would have attended my victory.

Assuring you that the recollections of your efforts in my behalf will always remain with me a pleasant memory, I am, Yours very gratefully,

ELLA JOLLY.

Orange Heights, Fla., Aug. 19.

Take Notice.

All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism, and kidney and bladder trouble. It will quickly correct urinary irregularities, which, if neglected, may develop into a serious illness. It will restore health and strength. Do not neglect signs of kidney or bladder trouble and risk Bright's disease or diabetes. J. W. McCollum & Co.

Card of Thanks.

Editor Sun: I desire to take this method of publicly thanking the many kind and loyal friends who were so faithful to me in the recent contest and assure them that their efforts in my behalf will ever be kindly remembered by me. Owing to unfortunate circumstances I was deprived of working as much as I would have liked, but feel that the race put up by my supporters was a most loyal one.

Very respectfully,
(MISS) ESTELLE BEAL.

A Weakling

Is the only way to describe the poor child that is afflicted with worms. No matter how much or how often it eats, the worms get all the nourishment from the food—the child gets practically none. White's Cream Vermifuge gets rid of the worms quickly, easily and with no bad after effects. Price 25 cents a bottle. Sold by W. M. Johnson.

Gainesville Aerie Honored.

At the meeting of the Eagles held at Ocala for the purpose of organizing a State Aerie, Gainesville was honored by the selection of one of its members, Jas. I. Blake, to be Inner Guard. The meeting was a grand success, all local aeries having representatives on the scene for the purpose of organizing the State Aerie.

Disagreeable at Home.

Lots of men and women who are agreeable with others, get "cranky" at home. It's not disposition—it's the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by W. M. Johnson.

Improvements in Track.

From Friday's Daily Sun. The Atlantic Coast Line have a large force of men engaged on their road bed between here and Worthington Springs and are improving their road bed, preparatory to the heavy travel expected the coming fall. The entire work gang is now located at Haynesworth.

If you are all run down Foley's Kidney Remedy will help you. It strengthens the kidneys so they will eliminate the impurities from the blood that depress the nerves, and cause exhaustion, backache, rheumatism, and urinary irregularities, which sap the vitality. Do not delay. Take Foley's Kidney Remedy at once. J. W. McCollum & Co.

S.S.S. THE CURE FOR SCROFULA

The usual symptoms of Scrofula are enlarged glands of the neck, sores and ulcers on the body, skin affections, catarrhal troubles, weak eyes, and general poor health. The inherited poison, transmitted through the blood, pollutes and weakens this fluid, and in place of its nutritive qualities fills the circulation with scrofulous matter, which saps the vitality of the entire system. Thousands of children, born with a scrofulous taint, have spent their childhood in constant physical suffering, and grown to manhood or womanhood handicapped by ill health and stunted growth, and perhaps later some disease of the bones or joints developed. S. S. S., given in their early life, would have prevented this. It would have cleansed and purified the blood of the taint, nourished and strengthened their systems, and assisted each to grow into strong, healthful manhood or womanhood. S. S. S. is the very best remedy for Scrofula. It goes down to the bottom of the trouble, and cleanses the circulation of all scrofulous matter. It supplies the weak, diseased blood with strength and health-building qualities, and under the purifying effects of this great remedy all symptoms of Scrofula pass away. S. S. S. contains no minerals in any form, and is an absolutely safe treatment for children, even infants, or persons of any age. Literature about Scrofula and any medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

TUCKER GINNERY IS TO START UP MONDAY

GREAT AMOUNT OF COTTON ALREADY BEEN BROUGHT HERE.

Capacity of Plant Has Been Increased and Will Be Enabled to Handle Larger Amount.

From Saturday's Daily Sun:

The Tucker ginnery, located in the southwestern section of the city, will start operations on next Monday for the first time this season.

It was the intention of the firm to start the present week, but owing to the non arrival of some of the supplies they have been compelled to delay the opening for these few days, which will give them that much better start.

They now have in the neighborhood of twenty-five bales in the house, and are expecting several large shipments the first of the week from nearby places, which will give them a steady run of several days with the usual amount coming in regularly.

Owing to the rain picking has been retarded considerably in all sections, and the planters generally are hoping for fair weather.

The plant of Mrs. Tucker has been increased and she will be better enabled to handle the cotton business here this season than she was last year, owing to the fact that more gins have been added and an experienced and capable man engaged to look after the business.

The gins will employ a good many common laborers, and this will help the local condition of trade to some extent. When they start on next Monday they hope to keep steadily at work until the holidays.

Cured Hay Fever and Summer Cold.

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three weeks with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Mr. Ellis at Home.

T. B. Ellis, Sr., has returned from Jacksonville, where he went for the purpose of having one of his eyes operated upon. While he is not permitted to have the eye subjected to the light, he feels thankful that it has proven a grand success so far, and believes that his sight has been restored in the effected eye. He will be compelled to make a few visits to Jacksonville to have special treatment, but the greater part of the work has been accomplished and he can spend most of the time here.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by all druggists.

PETITION FOR ELECTION.

To the Honorable Board of Public Instruction, Gainesville, Alachua county, Florida—We, the undersigned voters and taxpayers, residing in the Arredondo Special District, petition your honorable body to call an election for the purpose of the changing the Special District boundaries of said district so as to embody the heretofore described territory, and to elect trustees for the same, and name the millage to be levied on said territory:

Beginning at the NE. corner of Sec. 15, Tp. 19, R. 19, running south four miles, thence west three and a half miles, thence north three miles, thence west one-half mile, thence north one mile, thence east four miles to beginning point, embracing all Sections 15, 16, 17, 18, 20, 21, 22, 27, 28, 29, 32, 33, 34, and the E½ of Sections 19, 30 and 31, Tp. 19, R. 19.

B. F. Massey, John H. Holly, W. C. Beville, J. G. Beville, T. M. Venable.

Note—The above petition will be acted upon by the Board of Public Instruction of Alachua county, Florida, at the meeting to be held on September 6th, 1909.

Gainesville, July 30, 1909.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

Notice is hereby given that R. B. Weeks, purchaser of Tax Certificate No. 698, dated the 8th day of August, A. D. 1907, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, to-wit:

Lots 6 and 7, Block 3, Hawthorn.

The said land being assessed at the date of the issuance of such certificate in the name of Unknown.

Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 15th day of September, A. D. 1909.

Witness my official signature and seal this 17th day of August, A. D. 1909.

S. H. WIENGENS,
Clerk Circuit Court Alachua Co., Fla.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

D. SWIFT & CO.

SOUTHERN MERCHANTS BUYING LARGE STOCKS

NEW YORK, Aug. 20.—The retail merchant has invaded the city in force, and whatever section of the country he comes from the freedom with which purchases are made indicates a plentiful supply of money, either in hand or in prospect. In the wholesale district the advent of the out-of-town dealers is always most acceptable. Mail orders from dealers and orders sent in by salesmen are naturally consequential, but when the buyer arrives on the spot the opportunity comes for making proper showing of stocks and receiving the benefit.

The activity in the cotton goods market, both as regards the manufacturer and the jobber, continues to a remarkable degree. Conditions in this country stand in direct contrast to what now obtains in England, where the mills in certain districts are working on short time, if at all. American operatives, encouraged by the increased amount of business, now propose to have wages raised, but it is a question whether the mill owners as yet think the moment ripe for such action. While not denying that business is acceptable, the manufacturers think that with cotton high and other features entering into the greater cost of producing today the workers should abide their time before requesting higher wages.

The large wool sales of the past few weeks give convincing proof that the woolen mills have decided to be fully prepared with raw material. Fall and winter materials made of wool are promised great popularity and the rivalry between the various textile concerns will evidently be greater within another year. Of late years there has been a direct appeal

to the purchasing public, the consumer, through liberal advertising in order to interest the wearer. Woolen, silk and cotton manufacturers have engaged in this publicity campaign, and it has resulted in making popular certain goods not previously considered by the purchaser.

Even in the dry goods textile trade, believe that the cotton schedule is firmly established, or that it will require much work to open up the subject later in the year. Importers are still growing about high rates. This dissatisfaction is not shared by the hosiery workers, who propose to show their appreciation of what their representatives in Congress did for them in getting the duty increased.

The extent to which the South is now a manufacturing center, with ample capital at its command, is demonstrated through the move now on foot for the financing of the cotton crop. This has been brought about by increased mill capacity, better facilities for shipping to foreign ports, and general prosperity below the line. Should great central warehouses be established in the South the manufacturer will find it to his interests likewise to have plenty of money available nearer home. Southern bankers are now agitating the question.

The Chinese market is still a waiting one. Stray orders reach the exporting center here, but quantities are lacking. It is now reported from the Orient that one reason for the scarcity of orders is that deliveries made months ago are still awaiting customers in China, and that nothing of importance can be expected from there until a good clearing out of stocks takes place. When this will happen the exporter is unable to even guess at the present.

The Florida State College Will Have Good Opening

TALLAHASSEE, Fla., Aug. 18.—The Florida State College for Women, in its School of Liberal Arts, has made some valuable additions to its faculty. This body, already strong in an able corps of instructors, has secured the services of Dr. C. E. Body of South Carolina to fill the chair of Greek and Latin. Dr. B. C. Bondurant, the former professor in this department, a gentleman so highly esteemed for his scholarly attainments and Christian manhood, is in ill health, and cannot continue his work. But the College is exceedingly fortunate in securing a gentleman of such fine ability as Dr. Boyd. He is a graduate of Woofford College, and afterward did graduate work at Vanderbilt and at the University of Missouri, and this year received the doctor's degree at the University of Wisconsin after a year's residence there. In each of these noted universities he won distinction in his research work. Dr. Boyd has also had a wide and successful experience as a teacher of Classics, and comes with the reputation of a scholar and excellent gentleman.

Prof. A. E. Chrislip, now of New York, but whose home is in West Virginia, has been appointed to the Dean'ship of the Normal School and Professor of Education in the College of Liberal Arts. Dr. Chrislip graduated in the Peabody Normal College and in the Teachers' College, New York. He has studied in the University of Chicago and is now completing the work of his Ph. D. degree in Columbia University. He has had a wide experience and marked success in teaching and in superintending schools in Mississippi, West Virginia and Tennessee, and the Normal School of Florida is fortunate to secure such an excellent director.

To the people of the State, Dr. Conrad is no stranger. The history of the changes of Dr. Murphree to the State University and Dr. Conrad to the Florida State College for Women is now well known to the people of Florida. Dr. Conrad's ability as an educator has been attested not only in the superior reputation he bears from the University of Indiana, and from Clarke University, one of the

most eminent in America in psychological and pedagogical research; but, in actual service and its results in the State has Dr. Conrad made good his reputation. He is now busily engaged in the heavy correspondence attendant upon his duties as president.

The great number of communications indicates a large enrollment in the College next term.

Many improvements are now under way. Several acres of the campus hitherto lying idle have been graded. A large part of this land is being set in St. Augustine grass and the remaining portion is being prepared for sod another season. The road which curves by Bryan Hall has been improved and extended to meet the main thoroughfares of the city.

The dining-hall and culinary buildings are undergoing some repairs which will add greatly to the comfort and enjoyment of students and teachers.

The contract has been let for a new steam laundry building. The new laundry will be in operation this autumn when school opens.

One of the interesting improvements for the season will be an extensive garden whose function will be fourfold. The Model School and Kindergarten will have a section for nature study and out-door employment. The School of Domestic Science expects to have an abundance of vegetables for experiment and use in cooking. The class in Agriculture will make use of a large section for its practical work. And last, but not least, the boarding department can, in large measure, be supplied with fresh vegetables. A great deal, perhaps, for one garden; but there is plenty of land and rich soil, and when the work is directed by the stirring business manager and secretary of the College, Mr. J. G. Kellum, it is sure to succeed.

Miss Nielsen, stenographer to the President, has returned from a much-needed rest and vacation on the East Coast. She seems greatly refreshed from the trip.

Mr. Kellum is now away for a short vacation and change of climate before the beginning of his heavy duties in September.

NEWS FROM ALL PARTS OF FLORIDA

Harvey Tomlinson of St. Augustine has purchased from Miss Ida Morrill a lot of land on the shore of Lake Marion, opposite Craig's point, known as the Sherburne Lawrence point, and will build a summer hotel there next season.—St. Augustine Record.

At the regular meeting of the city council held in Ocala Tuesday night the bids for the remodeling of the city market were opened and the contract awarded. The plans call for many conveniences, and the new building will be in perfect shape with the many other improvements now under way in that city.

J. W. Lester of Boston succeeds D. Black, who has resigned as auditor of the Tampa Northern railroad. Mr. Lester was formerly in President Ayres' office in Boston and comes with the highest recommendations as an official. Capt. W. B. Denham, general manager of the Tampa Northern railroad, left for Brooksville Wednesday morning. It is understood that this road will begin at once on the extension of the road from Brooksville to Dunnellon.—Tampa Times.

The Steamer Genevieve, Capt. Chester Williams, which plys between St. Petersburg and Tampa, was put out of commission at its docks in St. Petersburg by an explosion of gas and the fire which followed. Testing the motor just before starting there was a loud explosion and in a moment the boat was in flames. An alarm was turned in and the fire company responded and saved the boat from any great damage through this source. The greatest loss to the owner, Capt. W. J. Thornton, lies in the force of the explosion which ripped up the docks and injured the machinery. A leak had occurred in the gas pipe from the tank to the carburetor beneath deck and when the engine was started a spark from the battery ignited the gas.—Tampa Times.

An act of vandalism was committed in West Palm Beach last Friday night that the city marshal and others interested are offering a reward to find out the perpetrator. There are two fine rubber trees in front of the Munyon property on Narcissus street, near the judge's cafe and restaurant, under and between which is a commodious bench for people to sit down on in the shade and rest. The city marshal and others use this bench every day and it is quite a convenience for all. Saturday morning the first arrivals at the bench saw some ugly chips lying on the ground at the foot of the tree at the south end of the bench and further investigation developed the fact that some miscreant had bored three holes in the tree near its base, the holes being about 3/4-inch in diameter and about four inches or more deep, and filled them with kerosene, evidently to kill the tree. What the object of this was it is hard to tell unless it be to take away that much shade from the bench and make

Avoid Danger

When you are sick, or suffering from any of the troubles peculiar to women, don't delay—take Cardui, that well-known and successful remedy for women. Thousands of women have used Cardui and been benefited. Why not you? Don't take any chances. Get Cardui, the old, reliable, oft-tried remedy, for women of all ages.

TAKE CARDUI

It Will Help You

Mrs. Luzania Morgan, Sneedville, Tenn., writes: "For ten years I suffered with the turn of life, and tried many remedies without relief. I had pains all over my body and at times I could not sit up. At last I took Cardui and now I can do my housework. I have told many ladies about Cardui and recommend it to all sick women." Try it.

AT ALL DRUG STORES

it an undesirable resting place, but even if this one tree dies the other will furnish sufficient shade if the bench is merely moved a few feet north, so even this object would not be gained unless the other tree is also killed, and it would hardly be safe for anyone to attempt to do that, especially just at present. It will go hard with the party who committed this act of vandalism if he is caught.—Miami Metropolis.

Although the United States is not a monarchy, we are proud to claim five kings: "cotton," "wheat," "corn," "steel," and "copper."

Thaw Returned to Asylum For the Criminal Insane

MATTEAWAN, N. Y., Aug. 19.—Harry K. Thaw ate his supper last night at the Matteawan State Hospital for the Criminal Insane. He arrived at the institution ten minutes before 7 o'clock yesterday evening after a trip, under escort, from the White Plains jail, where he was forced to leave after several days' respite following the adverse ruling of Justice Isaac N. Mills on his application for release on a habeas corpus writ as a sane man.

Dr. Amos T. Baker, assistant superintendent of Matteawan, and two attendants brought Thaw back to the asylum from which he has fought so hard to obtain his release. A stage met them at the station and in it they journeyed to the institution.

The trip from White Plains was without untoward incident. At both the White Plains and Tarrytown stations a curious crowd assembled, hoping to get a glance at the young millionaire, but the prisoner paid little attention to the demonstration.

Beginning today, the slayer of

Standford White will resume the monotonous routine of the asylum life. Superintendent Lamb of the hospital said last night:

"There will be no change at all regarding Thaw's incarceration here. He will be subject to the same rules as before he left to go to White Plains."

"I did not take it from Justice Mills' decision that Thaw was to have any special privileges. We will follow the court's order, however, and if Thaw is not satisfied he can appeal to the courts. At present he will adhere to the old routine."

"I have not decided when he is to retire at night, but he will be given ample consideration in any request he makes."

Thirty-Cent Cotton.

MONTGOMERY, Ala., Aug. 19.—The highest price paid for cotton in Montgomery in twenty-five years was reached yesterday when the first new bale of the season from this county was sold at auction for 30 cents a pound.

Unruly Negro Shot Dead By Ed Croft at Lake Butler

LAKE BUTLER, Aug. 19.—News has reached here that a negro farm hand of S. S. Croft had been shot by him, and a coroner's jury was empanelled and proceeded to the scene of the killing, when upon arriving there it was found that Edward Croft, son of Sam Croft, was the one that did the shooting.

The negro had been working for Mr. Croft for quite a while but was all the time somewhat unruly and had made Mr. Croft, who is a good, peaceable, law-abiding gentleman, threaten him time and time before yesterday.

Tuesday the negro came up to the lot where Mr. Croft was assorting some corn and began in the usual manner until Mr. Croft attempted to restrain him, when the negro, Jake Tyler, threw a piece of iron at him. This made Mr. Croft mad and he made at Tyler with a hoe, which Tyler took away from Mr. Croft and

who is a one-legged man, had crawled from the dwelling to the lot, told the negro not to hit his father or he (Ed) would kill him. The negro's wrath seemed to change from Mr. Croft to his son, and he started to Ed with the hoe. Ed shot over his head one time but the negro never stopped and then Ed took deliberate aim and pulled the trigger, which caused a 38 bullet to enter just above the negro's right ear and lodge among the center of reasons.

After receiving this wound the negro staggered some forty feet backward and fell dead.

Justice Poppell empanelled the following-named gentlemen as the jury, of which Mr. C. A. Roberts was foreman: C. A. Roberts, George W. Whitmore, F. P. Odom, N. E. Roberts, S. A. Douglas, F. N. Andrews. After hearing the evidence the jury retired for a few minutes and returned the

WILSON COMPANY
Butterick Patterns

the plant is now running to its full capacity and he is receiving orders from all sections.

F. T. Douglass, who has been absent for the past few weeks visiting in Maryland and other points, returned home yesterday.

Wanted—Two or three pair of good, cheap mules. Must weigh not less than 1,100 pounds, and be a bargain. Address "K," care Sun office.

J. M. Shaw of Alachua was in the city yesterday. He says business is lively at that place now, owing to so much cotton being brought to town.

W. T. Wilson of Alachua was visiting in Gainesville yesterday. He says that a great deal of cotton is now offered for sale on the streets of that city.

John Rosborough has returned from his vacation, which was spent in Georgia. He states that he had a pleasant trip and was sorry that he had to return so early.

Capt. B. W. Fontane of Micanopy was a visitor to the city Saturday. He says that great preparations are being made for fall planting and he looks for a large acreage, especially in beans and lettuce.

W. J. Baxley of Hawthorn was a visitor to the city yesterday. He states that the cotton fields in that part of the county are white, but very little of the staple is being picked owing to the daily rains.

S. V. Duke has returned from Duncannon, where he was called to the bedside of his brother, B. F. Duke. He reports the patient considerably improved and it is thought he will be able to be up within a few days.

Coming Bargain Event.

An announcement which will no doubt prove of interest to the people of this section is that of the Chicago Syndicate Safe, Phifer Bros., which appears on the fifth page of today's Sun. The stock of this firm, which is known as the New York Racket, is now valued at \$55,000 and this entire accumulation of goods will be sacrificed for a period of ten days beginning Friday, Aug. 27th, at 9 a. m. the sale being under supervision of C. T. Clapp & Company, who term themselves "The People Who Have the Power to Cut Prices." On Saturday, the 28th, \$50 worth of merchandise will be thrown from the second story of the Phifer building to the crowd below, and this novel and unique innovation will doubtless draw many to the scene. Read the list of prices.

PETITION FOR ELECTION.

To the Honorable Board of Public Instruction, Gainesville, Alachua County, Florida—We, the undersigned voters and tax-payers residing in the hereinafter described territory, petition your Honorable Body to advertise the following territory and call an election for the purpose of creating a Special Tax School District, naming the millage, and electing three trustees. The territory described as follows:

Beginning at the NE. corner of Sec. 2, Tp. 10, R. 19, running south three miles, thence west 1 mile, thence north 1, thence west 4 miles, thence north 2 miles, thence east 5 miles to beginning point, and embracing all of Sections 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, and 14, Tp. 10, R. 19. (Signed).

D. L. Williams, E. M. Pepper, E. M. Beville, B. F. Aiken.

Note—The above petition will be acted upon by the Board of Public Instruction of Alachua county, Florida, at a meeting to be held on September 7, 1909.

Ballard Bill Signed.

MONTGOMERY, Ala., Aug. 19.—In the presence of a select party of prohibition workers and leaders and several of the W. C. T. U. leaders, Governor Comer yesterday afternoon signed the Ballard bill, providing submission of the question of a constitutional prohibition amendment to the voters within ninety days. As he signed it, the Governor turned to a W. C. T. U. leader:

"You ladies must get behind this bill and push it," he said. "The fight is not over yet. It is only started and needs your effort."

"We don't stop until we get everything that we want," was the reply.

Has Purchased Plant.

W. M. Pepper has purchased the plant and stock of the Peninsular Printing Company, which has been conducted by E. L. Cushman for the past few years. He will remove the fixtures to his place of business on West Main street.

If you have found anything see if it is advertised in the Want column.
